Portfolio: <https://gamedevajinkya.github.io/portfolio/>

---

**Senior HTML5 Game Developer** with over 7 years of experience engineering high-performance web and mobile games utilizing **JavaScript** and **TypeScript**. Proven expertise across a diverse ecosystem of engines, including **CreateJS**, **Phaser**, **Cocos Creator**, **Construct**, and **Unity**. Adept at leveraging **AI-assisted development workflows** to accelerate prototyping, optimize codebase efficiency, and streamline asset pipelines. Adaptable leader with a track record of delivering scalable architectures for casual, card, educational, and real-time multiplayer games, as well as highly optimized playable ads. Experienced team leader and mentor dedicated to driving technical excellence and cross-platform performance optimization.

---

## PROFESSIONAL EXPERIENCE

### Senior Game Developer

Gamezop, Gurgaon | Jul 2023 – Present

- **Game Deployment:** Developed and launched multiple casual HTML5 games, reaching thousands of active players.
- **Scale & Performance:** Contributed core mechanics to a major title that successfully achieved 10,000+ DAU.
- **Engagement Optimization:** Designed gameplay features that boosted average player sessions to 45+ minutes.
- **Cross-Platform Delivery:** Optimized game code to ensure smooth, high-frame-rate performance across mobile and web.
- **AI Prototyping:** Leveraged AI-assisted development tools to significantly accelerate prototyping and content pipelines.

---

### Senior Game Developer & Team Lead

Yudiz Solutions Pvt. Ltd., Ahmedabad | Jul 2021 – Jan 2023

- **Team Leadership:** Led a developer team, conducted technical interviews, and mentored junior engineers to foster growth.
- **Project Management:** Planned development timelines, managed task distribution, and facilitated daily stand-up meetings.
- **Multiplayer Development:** Engineered real-time multiplayer card games utilizing the Phaser 3 framework.
- **Backend Integration:** Integrated Socket.IO for real-time communication, Firebase, and robust backend APIs.
- **Architecture Quality:** Built highly reusable, clean, and maintainable codebases to streamline future game updates.

---

### Senior Game Developer

JiniGuru Softech Pvt. Ltd., Ahmedabad | Apr 2021 – Jun 2021

- **Engine Architecture:** Developed high-performance, browser-based HTML5 games using **Phaser** and **PixiJS**.
- **System Optimization:** Built highly reusable gameplay systems and optimized codebases to maximize performance.
- **Quality Assurance:** Performed rigorous testing, debugging, and cross-platform compatibility checks for seamless deployment.

---

## Game Developer

WITS Interactive Pvt. Ltd., Mumbai | Dec 2020 – Mar 2021

- **Framework Expertise:** Developed engaging, interactive educational HTML5 games utilizing the **CreateJS** suite.
- **UX Design:** Created intuitive, child-friendly interactive learning experiences focused on high engagement.
- **Core Development:** Implemented complex game logic, responsive animations, and seamless UI systems.

---

## Game Developer

Axis Entertainment Ltd., Navi Mumbai | Sep 2018 – Oct 2020

- **Engine Development:** Programmed interactive HTML5 games utilizing the **CreateJS** framework.
- **Live-Ops & Optimization:** Resolved critical production issues and optimized code to ensure smooth gameplay experiences.
- **Cross-Functional Collaboration:** Partnered closely with designers and QA teams to maintain high product quality.
- **Genre Versatility:** Delivered diverse game portfolios, including educational, cooking, dress-up, and casual titles.

---

## Technical Skills

- **Languages :** TypeScript, JavaScript ,c#
- **Game Engines:** Cocos Creator, Phaser, Unity, Create JS, Pixi JS , Three JS, Construct 2
- **Backend:** Scket.IO ,Web socket ,firebase
- **Development:** GitHub , Jira, Game Analytics , Phaser Editor
- **AI-Assisted Dev :** ChatGPT, GitHub Copilot, Prompt Engineering, AI-Assisted Programming

---

## Freelance Projects

- [Quiz Game](#)
- [Memory Game](#)
- [Cavern Runes](#)

---

## EDUCATION

**Bachelor of Computer Applications (BCA)**

Shivaji University | 2011

---

## CERTIFICATIONS

**HTML5 Certification**

CMS Institute
